

APPROVED PACKING CERTIFICATE

(Main parachutes and/or round reserve parachutes in front mounted containers)

This is to certify that _____

BPA number _____ FAI Number (if applicable) _____

Has been tested to the following standards:

- 1) Reassembled a parachute assembly, having been stripped down to component parts.
- 2) Cleared the canopy/lines of twists and tangles.
- 3) Performed a line sequence check.
- 4) Knows how to perform all the packing checks at the appropriate stages.
- 5) Packed the parachute ready for jumping.
- 6) Instructed on how to inspect the assembly for damage and deterioration.
- 7) Instructed in container/canopy compatibility.
- 8) Reserve parachute:
 - i) Completed a minimum of four supervised re-packs on the equipment concerned
 - ii) Been familiarised with current manufacturers and BPA requirements concerning equipment.
- 9) Achieved the requirements laid down in the BPA Operations Manual.

Name (BLOCK CAPITALS) _____ *Instructor/Rigger

Signed _____ BPA No: _____ FAI No: _____

*Certification for main parachutes and assemblies may only be carried out by at least a Category System Instructor (CSI) and/or Parachute Rigger (PR). Certification for round reserve parachutes in front mounted containers may only be carried out by at least an Advanced Instructor (AI) and/or Advanced Rigger (AR)

N.B.(1) Sets of BPA Safety Notices and Safety Information Bulletins available from the BPA Office, (these should be kept by all CCI's and Riggers).

(2) Front mounted reserve packers should have a copy of the BPA Reserve Packing Guide.

(3) Once the conditions have been complied with and the specific types of parachutes and assemblies have been recorded overleaf. The form must be sent to the BPA for recording and endorsement. Once it has been returned subsequent endorsements to this certificate for additional types are not required to be referred to the BPA.
